AN OUNCE OF PREVENTION

Thank you to Mr. Brady Broussard from Acadian Home Care for visiting the residents of Eastridge Senior Living Suites. He brought along a Physical Therapist and a Physical Therapist Assistant to share valuable information on how to stand up and how to walk with the goal of preventing falls, and therefore preventing injuries. They assessed residents on how they walk, and if they were able to stand on one leg. We are thankful for these assessments, and know that "an ounce of prevention is worth a pound of cure."

LIFETIME SWEETHEARTS!

The Vincents have been married for 67 years! They are blessed with 4 children, and 5 grandchildren. They first meet at a friend's house where they played spin the bottle and had to give each other a kiss! Ms. Norma said that's how she knew Mr. Lyman was the one for her. She declared it was the kiss of life! The advice they give other couples is that you have to give and take, love each other, never go to bed angry, and always work your problems out. A relationship is never one sided. For the younger couples their advice is to listen to each other, but the most important thing is to be really nice to each other.
